PRESIDENT'S FOREWORD

The year 2023–2024 was a pivotal milestone for Zila Yuva Vikas Sanghathan when it completed 17 years of a journey that has provided hope and happiness to thousands of children, women and youth.

This year was remarkable in many senses as we have been able to serve much more children than before and had the opportunity to build new promising partnerships and association with other Organizations. The year has been very fruitful for the organization in many ways at several levels.

ZYVS has been successful in timely delivery of all commitments made and has given its best even during odd weathers and difficult work situations. This year, we have been able to serve over 7800 children across intervention areas.

I cannot but imagine what this journey would have been, had I walked it alone. Gratefully, I need never know. From our wonderful Trustees and Board members that have propped me up and committee members, of different chapters, our mentors and volunteers that have shaped the ethos of Zila Yuva Vikas Sanghathan, our donors that have put their faith in us, year after year, to the children, youth and women who became our family; this has been a journey I have been blessed to have been on.

This year's report has some insightful information and some powerful pictures, a true depiction of the power of the so called powerless and skills of the so called un-skilled. We have been speaking about ZYVS that churning is on our mind and a new path, a deeper one the goal is to make sure that people come to Join Us.

ZILA YUVA VIKAS SANGHATHAN

GENERAL SECRETARY

With the turn of this year, it gives me immense pleasure to present the ZYVS Annual report for 2023-24, which provides a glimpse of what we did and achieved this year through our synergized efforts. Our donors have been instrumental not only in helping our children but also in building capacity of ZYVS in various aspects like women empowerment, Children education, child protection, team building etc.

To be able to bring about the desired change in the communities we serve, ZYVS has developed an open and transparent organizational culture, based on core values of respect, integrity, commitment and excellence. Significant investments have been made in tapping and managing talent, which ensure efficiency and accountability in the work we do.

I would like to thank my board members, our donors, our supporters and the entire team for associating with ZYVS and having trust in the organization and its work. At the end, I would like to extend my hearty gratitude and blessings to all the children that have connected with us. I hope we can connect with more and more children, women and people

As we look ahead to greater prosperity, I would like to express my appreciation to our employees at all levels for their contribution towards the performance of the Company. I would also like to extend my gratitude to our Customers, Bankers and Suppliers for their loyalty and trust in us. I would like to express my sincere appreciation to all our Shareholders for their continued encouragement and support and all members of the ZYVS family, peer organizations who continue to support and believe in our work.

About ZYVS

- ❖ Zila Yuva Vikas Sanghthan (ZYVS) is a Non-Profit Organization. Zila Yuva Vikas Sanghthan is a National Level Development Organization which was established in Year 2005 and was registered in Year 2006 with an objective of providing sustainable development to Urban and Rural areas of India. ZYVS is the Sanghthan of Youth for the change. ZYVS shall meet the aspirations of young generation. Though the movement has been initiated by Mr. Paramjit Singh under the banner of Zila Yuva Vikas Sanghthan but it is the dream of every Indian to see its country well developed, self-sufficient, capable and well managed. People from all walks of life, breaking the boundaries of religion, caste, region, etc. have joined the movement and its number is increasing day by day. ZYVS movement of change is being spreading in the state of Haryana and shall be moved to other states in due course of time for growth. ZYVS believes that Social power is necessary tool to bring the change.
- ❖ Zila Yuva Vikas Sanghthan has been undertaking various development programs in various sectors and areas providing support to the Children from Child Abuse, Labour, Abandonment, etc., help to aged people and moreover enhancing Women Empowerment. In this process, the organization had not only achieved a tremendous field presence but also had developed a body of professional belonging to various streams.
- ❖ Zila Yuva Vikas Sanghthan is currently running National CHILD HELPLINE No. 1098 in District Ambala (Haryana). Till date ZYVS has helped 7800 children from Child Abuse, Child Labour, Child Abandonment, Shelter, etc. and we are proud to be a part of the change in Society that bring the lost one to their family, providing shelter to the homeless and saving the lost soul form child abuse. Providing sustainability to children in their life, and If you want, then together we can bring the change and make it last forever. There is an immense power in working together which can break any rock at once.
- ❖ Zila Yuva Vikas Sanghthan distributed about 57 year 2023-24 children of 9th, 10th, +1 & +2 Class and education ZYVS is trying to secure the future of children by sponsoring them and providing them education related things which are needed by them to learn and study.
- ❖ Zila Yuva Vikas Sanghthan is working towards social problems like healthcare, enhancing the level of education provided to the students, working towards women empowerment, creating livelihood opportunities, providing help to the marginalized communities and advocacy for the right of Women and Girls, so that the equality will be enhanced in the society. Till now many programs have been organized on health, women empowerment, girl's education, livelihood, disaster preparedness and eyes treatment for aged. We have reached more people since before and provide facilities in deep remote areas.

COLLABORATION WITH GOVERNMENT

- The **Government** is to be ideally held **responsible** for the **legal** and **constitutional matters**. Now whether the Indian Government can be held responsible for the same is a question. **Who**, then, should **take care** of the concerns that arise out of compassion and **social responsibilities**? Compassion triggers actions which, usually, are beyond constitutional matters but the good news is that the constitution does pay due respect to them and aids them within its own vista.
- It is the **responsibility of every citizen** to do some social service. CHILDLINE is the voice of India. A voice portal that enables ordinary citizens to report and discuss issues of local interest. To take **help** from **CHILDLINE**, a person just has to **dial 1098** from any mobile. It is a **toll free** number.
- **Government without our efforts cannot reach up to the goals set** and same goes for us without **Government Bodies we cannot reach up to the target set**. We devise innovative strategies, customized for each issue in these country witnesses, to engage **Youth participation** rather than just documentation we do **conventional outreach**. We are engaged in partnerships, develop grassroots actions, audit the impact and share lessons with all the stakeholders to direct further actions, train leaders and use media, art, culture and technology to reach mass audiences. The innovative strategies we have come up with seem promises.
- We together works on **Awareness building on violence, health, education, development**, help for **aged** and other issues critical for **women's individual and collective empowerment**.
- There is a need to develop the **broader understanding of Women's health through physical, social and political environment** and to initiate interventions that enables and empower them to control these factors. We conduct Awareness drives, working with **Adolescent girls** to enhance their **self-confidence**, **sensitize women** to address their **unequal** and **exploitative arrangements** and **relationships**, research and document issues critical to women's health and build a consensus to get the Police.
- We give our **100%** to solve each and every case with our **full efforts** with help of Government Bodies, individuals and any other person concerned to the case.

Executive Summary

This report presents the work of our organization, which is a development sector organization working in various development sectors, including health, education, child rights, women's empowerment, rural development, cluster development, environment protection, infrastructural development, and livestock management. The report outlines the activities carried out by the organization in each sector and the impact of these activities.

Introduction

Our organization was established with the aim of achieving sustainable development in different sectors. The organization's main objective is to work towards improving the living standards of people living in rural and disadvantaged areas of the country. Our organization works in various development sectors, including health, education, child rights, women's empowerment, rural development, cluster development, environment protection, infrastructural development, and livestock management.

Health

The organization works towards providing better healthcare facilities, particularly in rural and remote areas. We provide healthcare services, including preventive measures and curative services. Our organization has conducted health camps in various remote areas. We focus on activities like awareness building, sanitation, and hygiene promotion drives, and disease prevention campaigns like vaccination drives.

Education

Our organization provides education to children from underprivileged families, particularly in rural areas. We organize various programs like academic support, skill development courses, and extra-curricular activities. We also provide scholarships and financial support to students who cannot afford education.

Child Rights

Our organization works towards the protection of child rights, particularly on issues like child labor, child trafficking, and child abuse. We sensitize people about the importance of child rights. Our organization has rescued several children who were subjected to bonded labor and given them safe environments.

Employment Generation Activities

Our organization plans to focus on creating self-employment opportunities for the rural population. We train people in skill-based training and provide them with practical experience. Additionally, we encourage entrepreneurship which helps in making their livelihoods more sustainable.

Women Empowerment

Our organization believes in empowering women and works towards achieving gender equality. We support self-help groups by providing awareness about skills, finance, and marketing. We encourage rural women to become self-reliant by helping them access healthcare and education.

Rural Development

Our organization strives to improve the socio-economic status of rural people. We work towards sustainable development in rural areas by focusing on various concerns like poverty reduction through agriculture and livestock management. We have successfully implemented several programs, including the distribution of high-yielding seeds.

Cluster Development

The organization provides a platform to different industries to come together and work in clusters. It promotes collaboration, innovation and working collaboratively, leading to better efficiencies in the supply chain.

Environment Protection

Our organization creates environmental awareness and advocates for sustainable resource management. We engage people in environment protection activities like tree planting and forest development. We also organise clean-up drives, and waste segregation activities to encourage eco-friendliness.

Conclusion

Our organization has made significant progress in improving development conditions in the areas of healthcare, education, child rights, employment generation activities, women empowerment, rural development, cluster development, environment protection, infrastructural development, and livestock management. Our work has benefitted several rural and underprivileged communities, helping them achieve higher standards of living, a considerable reduction in poverty and access to better opportunities and resources.

CHILDLINE AMBALA

Emergency helpline service for
children in need of aid and assistance

CHILDLINE INDIA FOUNDATION

Mumbai: Childline started in 1996, is India's first 24-hour Helpline service supported by the Ministry of Women and Child Development. The service is for children in need of aid and assistance and is provided through a toll-free 24 hour emergency phone service (1098). Apart from responding to emergency needs, it also helps in linking children in difficult circumstances with various services meant for their long term care and rehabilitation. This one-point contact is meant to facilitate instant access to support, guidance and active intervention.

Zila Yuva Vikas Sanghathan was selected as Collaborative NGO to run CHILDLINE, Ambala on 6th February 2011. The project is being supported by Ministry of Women and Child Development, Govt. of India. Office of CHILDLINE, Ambala is located at the address mentioned here: **H. No. 51, Sonda Colony, Jalbera Road, Ambala City–Haryana.** ZYVS implements this service in Ambala with one Centre-City Childline. This year, ZYVS, through Childline centre intervened with 1683 children. Awareness programme in schools and slum areas were conducted to make children aware on child rights, child marriage, child protection, etc. Till date ZYVS has helped 1500 children and this year, Childline Ambala City was successfully rescuing 460 children from the abuse of child lost, child marriage, bonded labour etc. Whenever it was possible, the option of repatriation was also exercised, this year the project team was able to restore 76 children back to their families. Besides restoration, abandoned and lost children were provided with shelter. Conducted massive outreach activities at all the Bus stand, Railway station, villages and slum areas of Ambala. Overall, 7800 Children and stakeholders were reached through the outreach activities of ZYVS- CHILDLINE.

A CHILD IS AN UNCUT DIAMOND

PROJECT ACHIEVEMENT INTERVENTIONS

Children were rescued and given counseling, educational support, Medical help, home placement etc. We have reached out to different type of children like missing children, runways, child laborers, Homeless, sick, emotional, counseling and sponsorship are given.

OPEN HOUSE & OUTREACH PROGRAMS

08 *Open House* programme have been conducted in schools, villages and public place- reaching out to about 8530 people, in which awareness created about CHILDREN, child rights, child marriage, child labour etc. And through outreach 10,470.

Mass awareness programme were conducted with Auto – rickshaw drivers, Shopkeepers, Bus drivers, Conductors, Students in School, travelers on journey, Pedestrians on the roads, Merchants, road side sellers, Customers in the market place/tea stalls/gathering during public meetings etc. giving knowledge to thousands of people on CHILDLINE and child rights through distribution of pamphlets and tied Dosti bands.

FOREWORD

CHILDLINE is working in District Ambala, Haryana from 2011 to help children who are between the age of 0 to 18 years by providing home to homeless, education to needy one and medical aid to the sick and financial help to the children who are suffering from poverty. The main aim of the CHILDLINE is to care and protect the children from abuse and to secure their future.

This project is helping many children and we are glad that everybody is appreciating our work. It is our moral duty to help each other and protect children as they are our future. CHILDLINE helps in every type of issue related to children which includes:- child lost, missing, child labour, medical help, sponsorship, shelter, sexual abuse, restoration, rescue from abuse, drug addiction, emotional support & guidance, education, protection from abuse, child in conflict of law and the cases in which child is the major part. The main reason is to secure their life and lead them to live a better future.

Children's voices have been central to our approach and have led us in our interventions. What's humbling is that their resilience has in turn built resilience in us. We have learnt and evolved because of them. All the children who have demonstrated assertive behaviour in an unsafe situation and sought help are heroes. It's not easy to do this. It takes a lot of courage in a world of adults to stand up for yourself, to say no, to get away and ask for help.

With the end of this successful cycle please join us in appreciating and recognizing the contribution made by our frontline team, Government functionaries and board of members. We are grateful to have such a dynamic team and governing body members. We heartedly laud their valuable support. At the end, I would like to extend my hearty gratitude and blessings to all the children that have connected with us. I hope we can connect with more and more children.

With all the best wishes

Paramjit Singh
Director
CHILDLINE, Ambala

Current Situation of Children in India

India is home to **472 million children (0–18 years)**, nearly **36% of the total population**. While progress has been made in health, education, and child protection, children still face serious challenges.

Health & Nutrition:

- **35.5% of children under 5** are stunted, **32.1% underweight**, and **19.3% wasted**.
- **67% of children under 5** are anemic.
- Infant Mortality Rate improved to **26/1,000 live births**; immunization coverage reached **76%**.

Education:

- Enrollment in primary schools is above **97%**, but dropouts increase at the secondary level, especially among girls.
- Learning outcomes remain weak: only **43% of Class V children** can read a Class II text (ASER 2023).
- The **digital divide** continues to affect rural and marginalized children.

Child Protection:

- Around **10.1 million children** are in child labour.
- **23.3% of girls** marry before 18 years.
- Child trafficking, abuse, and violence remain widespread, with more than **50% of children** reporting some form of abuse.

Vulnerable Children:

- **1.5–2 million street children** in urban areas.
- Children with disabilities face exclusion from education and services.
- **Floods and disasters** (such as in Ambala, July 2023) displaced thousands, exposing children to risks of exploitation.

Government Response (2023–24):

- **Mission Vatsalya** (child protection), **POSHAN Abhiyaan** (nutrition), **Samagra Shiksha** (education), and **Beti Bachao Beti Padhao** (girls' rights) continued.
- **Childline 1098** remained the main helpline for children in distress.

Flood Relief Camps in Ambala – July 2023

Organized by Zila Yuva Vikas Sanghathan (ZYVS)

Introduction

In July 2023, Ambala district in Haryana faced one of the most devastating floods in recent years. Continuous heavy rainfall led to breaches in canals and severe waterlogging in both urban and rural areas. Hundreds of families were displaced as homes and agricultural lands were submerged. In this humanitarian crisis, Zila Yuva Vikas Sanghathan (ZYVS) took immediate action by organizing flood relief camps to support the affected people with emergency aid and long-term rehabilitation measures.

Relief Interventions by ZYVS

1. Emergency Shelter

- Relief camps were established in schools, community halls, and temporary tents in the worst-affected villages of Ambala district.
- Safe accommodation was provided to more than 800 displaced families.

2. Food & Nutrition Support

- Daily cooked meals were served at all camps with the support of local volunteers.
- More than 4,500 people received food assistance.
- Dry ration kits (rice, pulses, oil, wheat flour, and essentials) were distributed to families for home use.
- Children, pregnant women, and elderly persons were given nutritional supplements.

3. Medical & Health Services

- ZYVS arranged mobile health check-up camps in collaboration with doctors and DLSA.
- More than 1,000 people were treated for waterborne and skin-related diseases.
- Preventive medicines, safe drinking water tablets, and hygiene kits were distributed to minimize outbreaks.

4. Child Care & Protection

- Child-friendly spaces were created in the camps where children engaged in learning and play activities.

- Counselling support was given to children affected by trauma.

5. Women-Centered Support

- Safe zones and separate enclosures were arranged for women and girls.
- Sanitary kits and essential hygiene items were provided to 350 women in the camps.
- Awareness sessions were conducted on health, hygiene, and safety.

Impact in July 2023

- **Shelter provided** to 800 families across Ambala.
- **4,500+ individuals** received cooked food and dry rations.
- **1,000+ medical cases** treated in health camps.
- **300 children** engaged in safe learning/play spaces.
- **350 women** supported with hygiene and dignity kits.

Zila Yuva Vikas Sanghathan came forward to provide clean water, milk, bread and medicines to the people during the floods that occurred in many areas and villages of Ambala in the month of July so that people could get some relief during the floods.

EDUCATION

Nelson Mandela said that education is the most powerful weapon which one can use to change the world. Nothing can be more concrete than this statement.

No matter how much we want to bring about a change in the society. We will not be successful until we concentrate on educating young children and preparing our youth for empowerment in our country. The current statistics indicate that the number of students who do not complete schooling still lies in millions. In recent years, while it is heartening to know that the gender gap is closing in for primary education, the number of girl's dropouts in secondary education is still very high.

Consider the following figures:-

85%
Of girls who complete class 10th
Fail to complete class 12th due to
Financial constraints.

1 in 6
girls are married under the age of
18, according to the census 2011
Figures for recent marriage.

There are more such figures and statistics that will completely change your perspective regarding what the reality is and how young children actually suffer all their lives because of lack of education. For us, it is one of the top priorities and so we run two programmes that helping children complete their education.

Education is the most important tool that we can equip our students with, education is the movement from darkness to light.

“THERE ARE TWO EDUCATIONS. ONE SHOULD TEACH US. HOW TO MAKE A LIVING THE OTHERS, HOW TO LIVE
John Admas

ABOUT THE PROGRAMME

Zila Yuva Vikas Sanghthan to implement a core program for child care, protection and education since 27th June, 2019. In which Zila Yuva Vikas Sanghthan distributed books about 65 children who were in need and wanted to study. The motive of joining hands was cleared; they wanted to increase the level of education in the untouched areas and to reach the children who want to study but because of some circumstances they are unable to study and successfully reached those children and helped them in every possible way. Our organization provides education to children from underprivileged families, particularly in rural areas.

Those children who are needy and want to study but because of some issues they are unable to study and this unknowingly ruins their present and future. Zila Yuva Vikas Sanghthan took the initiative with the support of Enlight Life of Kids in Need, Canada and adopted 68 children to help and educate them and make them efficient enough to live their life. In this we provide education related things to the children which includes books. So that children can study and learn more.

STATUS OF WOMEN IN INDIA

In India society, women are traditionally discriminated against and excluded from political and family related decisions. Despite the large amount of work women must do on a daily basis support their families, their opinions are rarely acknowledged and their rights are limited. All the females in a household have the responsibility of the house work. So even through education does not financial burden the family, it costs them the time she spends at school when she could be doing chores. In addition, even if a woman is educated, especially in the poorer regions, there is no hope for jobs. Most jobs woman perform are agricultural or domestic which do not require a formal education. Another reason girls are not educated is because families are not required to supply a chaste daughter to the family of her future husband. Because women are not educated and cannot hold a prestigious job, they take on the most physically difficult and undesirable jobs.

This scenario is slowly changing in recent years. We can see a slow and steady rise of women in all fields of importance. Women of today are not just restricted to cooking and taking care of their households, they have stepped out of their comfort zones to create their own images in the outside as well. This in short, can be termed as Women Empowerment. Society has now changed its stand and the way its look at women, due to the progress achieved by women in all spheres of life.

ATROCITIES AGAINST WOMEN

Through women have achieved success in various sphere of life, the dark areas of humanism do exit even in modern days. We get to hear plenty of cases of rapes, mental and physical harassments, dowry deaths, cases of domestic, violence etc. This news fills our daily newspapers and is very important part of the ugly truth of mankind. Women today are definitely empowered with self-confidence and boldness to carry on the world without fear, yet in terms of women safety, these are still lots to be achieved. Crime against women is definitely on the rise. Many women fear to go out of their houses after sunset. They fear their own safety. Women are also prone to plenty of incidents of chain snatching, molestation, eve teasing etc. such incidents morally bring down the courage of women and leave them wanting for help and support from the male members of the family.

WOMEN EMPOWERMENT

Women's day is celebrated, not to glorify the beauty and grace of women, but to bring about awareness among the public regarding women's safety. Women needs to strengths themselves by building up their inner strengths and face the world without fear. We should empower the women in our lived to lead independent lives. They should take independent decisions regarding their careers, professions, choice etc. They should be taught to be self-reliant and should not depend on anyone to meet their financial needs; they should be taught to handle their own expenses.

ABOUT THE PROGRAMME

Usha Silai Center was **started in 2012** in Ambala to benefit the women and girls to make them **Independent**. USHA Silai School means a school of teaching girls and women in the village to sew, and this school is operated and managed by Women Entrepreneur using an USHA sewing machine. In this, proper **training is given to the learners** related to **stitching, cutting and drafting of clothes** to make them wearable. From this, they can earn some money to fulfil their needs. After the training, they are given an **Experience Certificate** and further they can teach to the other students at their own house. And this **training is given at the centre of the District** so that it will be convenient for everyone. In one year, **10 centres are established in 1 District** and **each Center consists of 10 students** who can teach stitching after their training to the nearby girls and women. A total of **60 centres are established in one year in Haryana**. The woman in turn would have to in **teach at least 20 students span of 1 year**. ZYVS has **set up Silai schools in Distt, Ambala, Kurukshetra, Kaithal, Yamuna Nagar, Panipat and Panchkula with support from USHA in past five years**. We had operated **366 USHA Silai Schools benefiting over 17,360 women/girls in rural areas**. The reason behind opening of Usha Silai Center was to make women and girls independent enough to earn their living. Most of the Women in India are not independent at all because they lack in studies, self- confidence, social pressure, surroundings, and many more reasons like this.

This centre was set up with the objective to train girls and women from underprivileged backgrounds in vocational trained women from our centres and encouraged to make empower, which in turn helps them, gain financial Empowerment.

PROGRAMME OBJECTIVES

Ascending to financial independence whilst we wish the centre to become economically sustainable, we consider the measure of success to be the number of women who have been able to move from a 'hand to mouth' existence to one of self-reliance thus enabling them to provide for their families.

- Teaching employable skills to girls and women from disadvantaged backgrounds.
- Leading them to financial independence.
- Women with Confident personalities.

**NEVER RESTRICT A WOMAN;
SHE CAN DO EVERYTHING LIKE A MAN**

ACTIVITIES UNDERTAKEN BY USHA SILAI CENTER

1. Team of Usha Silai Center visited the houses of those women and girls who had taken the training of stitching and cutting under the banner of Usha Silai Center to know about their financial position.
2. They visit the houses to have conversation with the girls and women who are taking training.
3. They provide books and pamphlets to the learners. Proper investigation is done by Usha Silai Center, not only National members but International members of Usha Silai Center also visit the houses and centres to see whether the work is going in a proper way or not.
4. Proper case study of teachers or learners is done to know is this training is beneficial to them or not.
5. Team of Usha Silai Center motivates the learners and teachers to do well and to earn well in a respectful way.
6. When a teacher after her training opens a training centre at her house at that time she starts earning, as she can take fees from the learners and this fee is their own personal income.
7. A proper follow up is taken of their income structure, number of learners and their financial situation.
8. From this banner along with the money, they also earn Fame.
9. A monthly report is being made district wise.

HEALTH

BLOOD DONATION CAMPS

Healthy people are the base of a prosperous community, to build this concept, till this year, 115 Blood donation camps were held in villages of Ambala, Kurukshetra by ZYVS. The main motive of organizing a Blood Donation Camp is to save lives, save families and save society. If you donate blood, it will be given to someone who needs it through a transfusion. Transfusions help replace blood that is lost due to surgery or injury. Transfusions also help people with disorders that prevent them from making blood correctly

APPRECIATION AWARDS

On the occasion of **Independence Day**, Zila Yuva Vikas Sanghathan (ZYVS) was honored with a prestigious award by **Shri Krishan Lal Pawar, Hon'ble Rajya Sabha Sansad**, for its **outstanding humanitarian service** during the devastating floods in Ambala and surrounding regions.

During the **July 2023 floods**, ZYVS emerged as one of the leading organizations to respond swiftly to the crisis. The organization established the **maximum number of flood relief camps** in the district, reaching out to thousands of affected families. These camps provided **emergency shelter, food, medical care, child protection, and rehabilitation support** for needy and vulnerable communities.

Through tireless efforts, ZYVS ensured that **children, women, elderly, and marginalized families** received timely assistance in their most difficult times. The organization's volunteers and youth leaders worked day and night to distribute cooked meals, dry rations, medicines, and hygiene kits, while also creating safe spaces for children and women.

Speaking at the ceremony, Shri Krishan Lal Pawar appreciated the organization's dedication and said that the **relief efforts of ZYVS reflect the true spirit of Independence—service to the nation and its people.**

A MESSAGE FROM ZILA YUVA VIKAS SANGHTHAN

Every individual has the power to bring change. As members of society, it is our shared duty to create a world that is more compassionate, inclusive, and supportive. Change does not always come from grand gestures—it begins with simple acts of kindness. A smile, a helping hand, a word of encouragement, or a small donation can touch lives in ways we may never fully realize.

When we stand together, we can build communities where no one feels left behind. Whether through volunteering at a relief camp, supporting education for underprivileged children, empowering women, or protecting the rights of the most vulnerable, each effort becomes a building block for a stronger and more caring society.

At **Zila Yuva Vikas Sanghthan (ZYVS)**, we believe that true progress comes when we uplift one another. Over the years, our work has been guided by the principle that every child, every family, and every community deserves dignity, opportunity, and hope.

We extend our deepest gratitude to all those who have walked alongside us in this journey. Your faith, generosity, and encouragement inspire us to keep moving forward. Together, we are not only responding to challenges but also creating opportunities for a better tomorrow.

Let us continue to spread love, compassion, and positivity. Let us dream of a society where children laugh without fear, where women feel safe and empowered, and where communities thrive with harmony and resilience.

The future is in our hands—let's shape it with kindness.
